TOWN LOGO UPDATE

Thank you to everyone who has provided feedback, or submitted a proposal for an updated Town logo so far!

As we undergo this process, it is important to note that as part of the Town's strategic priority and commitment to fiscal responsibility, Council have given direction to staff to ensure all costs are kept to a minimum and that staff engage our residents and community as the first step to exploring options for an updated logo. Many organizations bring in consultants, undertaking a lengthy process to update and rebrand. We recognize that this can be a very costly exercise and is one the Town is not prepared to take on at this time. We would like to assure residents that this process will be focused on public engagement and costs will be kept minimal.

As we move forward this is an opportunity to enhance our logo to be reflective of not only our history, but also to modernize and complement the design with a look that can take us into the future.

We are most confident that we can do so in an efficient and cost effective manner.

You can find out more at www.eastgwillimbury.ca/logo or submit your feedback or design at communications@eastgwillimbury.ca
