

Town of East Gwillimbury

Our Town...Our News!

Mayor James R. Young

Councillor Cathy Morton

Councillor Virginia Hackson

Councillor Marlene Johnston

Councillor Jack Hauseman

WELCOME TO EAST GWILLIMBURY'S NEW PAGE

Welcome to the first edition of Our Town... Our News! in full colour. East Gwillimbury will now have greater presence and better communication with its residents by introducing an improved lay-out, while also cutting costs. The page will continue to include strategic messages, Council highlights, programs and important notices for the community of East Gwillimbury. As always, if you have any questions or comments, please feel free to contact us or visit the Town's website at www.eastgwillimbury.ca.

PROPANE CYLINDER RECALL

YOUNGDO IND. CO. LTD.

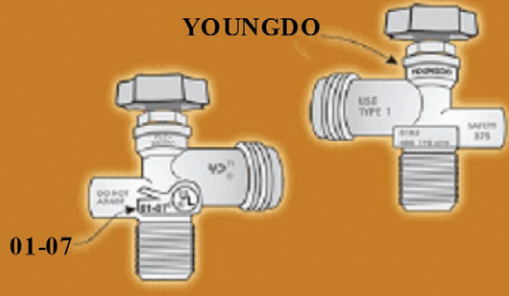

KOREAN LPG VALVES MANUFACTURED BY YOUNGDO ARE NOT TO BE FILLED

LPG VALVE RECALL

YoungDo LPG Valves were distributed to requalification facilities located in Québec and Ontario, installed on 20-lb propane cylinders at the time of requalification. It is believed that up to 50,000 YoungDo LPG valves have been distributed in Ontario. Due to a defect in the tap, dangerous gas leaks may cause severe burning or become a deadly fire hazard if exposed to a heat source.

Owners of propane cylinders who believe their equipment may contain a YoungDo LPG valve (as shown in this illustration) should return the cylinder either to the place of purchase or to the fuel supplier – whether the valve is faulty or not.

For further information, contact Bismar Inc. toll-free at 1-800-266-1414.

FINAL PROPERTY TAXES

2008 final tax bills were mailed on June 18, 2008.

Consistent with the Town's "Thinking Green" Program, in order to conserve resources and reduce waste, property owners participating in the pre-authorized tax payment plan will no longer receive a letter in addition to their tax bills.

Option #1 – Monthly Installment Plan
Withdrawal amount is printed on remittance stub Withdrawal date is the 15th of each month July through November

Option #2 – Due Date Installment Plan
Installment amounts will be withdrawn on August 29 and October 31

Please contact the Finance Department at 905-478-4282 ext. 1229 if you did not receive a tax bill or wish further information about the pre-authorized payment plan.

Laura Grossi
Pop/Musical Theatre

Thinking Green!

Pool heat pumps use electricity to capture heat and move it from one place to another, they don't generate heat. Electrical pool heaters generally cost more than gas pool heaters, but they typically have much lower annual operating costs and have a longer life span due to their higher efficiencies. You can reduce the pump's electricity use by up to 40% by decreasing the pool circulation system's hydraulic resistance. Also consider a pump timer to run the pump during off peak hours so it will run on its own and save you electricity while being environmentally friendly.
