

## **NOTICE OF WORK**

Contract T-21-05

### **SLURRY SEAL ROAD WORK**

- Holborn Road from 2<sup>nd</sup> Concession Road to Leslie Street
- 2<sup>nd</sup> Concession Road from Holborn Road to North End
- Hornes Road from Woodbine Avenue to Warden Avenue
  - Doane Road from Centre Street to West End

Commencing the week of September 27, 2021, Miller Paving who has been contracted by the Town is expected to be on your street applying a Slurry Seal to the existing road surface.

The road will remain open at all times, with partial lane closures as required for construction.

We apologize in advance for any delays and inconvenience this work may cause. Driveways are not expected to be blocked but should it become necessary, it would be for a limited time only.

Weather permitting, all work is expected to be completed within one day.

To ensure an effective and efficient project, residents are asked to not park vehicles on the road during construction. Waste collection will not be disrupted. Start dates for individual streets may vary, for more information and **construction schedule updates based on your community**, please visit our Capital Engineering Projects webpage:
