Sharon, ON L0G 1V0

**Re: Final Report, Water & Wastewater Master Plan
Town of East Gwillimbury**

Dear Mr. Hunt:

We are pleased to submit ten (10) copies and one electronic copy on DVD of the Final Report of the **Water & Wastewater Master Plan, Town of East Gwillimbury** dated April, 2009 as prepared by GENIVAR Ontario Inc.

The Master Plan addresses the expected water distribution and wastewater collection systems that will be required to accommodate the projected residential and employment populations to occur at the anticipated ultimate buildout condition of the Town.

Two (2) interim growth stages for the Central Growth Area (CGA) between the present day and the ultimate buildout conditions are included that address the anticipated Year 2015 and Year 2031 population projection scenarios.

We have enjoyed the challenge of completing the Water and Wastewater Master Plan for the Town and, hope that it will provide an effective and efficient planning tool for the Town.

Yours truly,

GENIVAR Ontario Inc.
