A message from the General Manager, Aaron Karmazyn

Welcome to the Fall 2022 and Winter 2023 edition of the Health and Active Living Guide.

After several years of COVID related program interruptions, we're happy to offer a full range of programs once again. From crafts to karate – there's something for everyone for people of all ages, interests, and abilities.

Thank you for continuing to participate in remote programs throughout the Pandemic and to those who are new to East Gwillimbury, we welcome you. We continue to adhere to health and safety measures and public health requirements because your safety is our priority.

Our parks, trails and facilities are also open. We're especially proud of officially opening 11 parks and trails over this past summer. You can now enjoy our 41 parks and 30 kilometres of trails. Be sure to visit the various signature planters throughout EG, including the most recent planter, titled "Inaawanidiwag", at the Nokiidaa Trailhead which features a martin, crane, bear, and deer, as they travel together in the canoe.

In the spirit of travelling together, our journey towards building the new Health and Active Living Plaza will soon reach the construction stage as we anticipate shovels in the ground before the end of 2022 and final construction anticipated by the end of 2024 (subject to Council approval). The Health and Active Living Plaza will truly have something for everyone including EG's first-ever Aquatics Centre, a library, EG's first maker space and sound studio, a gymnasium, program spaces, interior boardwalk, and a park with outdoor cooking space, playground, splash pad and multi-use courts.

Establishing recreation programs along with parks and trails to enjoy is key for community building. These are the places where people come together and share experiences, build relationships, and learn. I encourage you to enjoy all the places and spaces EG has to offer.

May 2020: Recreation staff redeployed as Parks staff during the COVID-19 Pandemic.

And we crank up the speed to deliver a true fat-burning, low-impact workout that leaves our body looking long, lean, and incredibly defined. With every action-packed PiYo session, you can burn excess fat and sculpt and define your whole body as you minimize the aches and pains that come along with high-impact workouts. No matter your age or body type, PiYo will help give you dramatically visible, incredibly beautiful results.

TENNIS - BEGINNER (OUTDOOR)

Breathing techniques incorporated in this program will help to lower levels of stress and anxiety, leaving you with a sense of calm.

YOGA - HATHA ■

An introduction to Hatha Yoga is designed for students who are either new or returning to yoga. You will be guided by our instructor to gently explore basic postures and simple breathing techniques, followed by guided relaxation. Yoga improves your tone, helps strengthen and balance the body, and is ideal for counteracting the stresses of daily life.

YOGA - FIT ■

THE COUNTRY DAY SCHOOL

Every child has a future willing to emerge. A passion ready to ignite. We offer the possibilities that make it happen. A place where they are known, supported and inspired. Truck shoes, theatrical costumes, or robotics code? A goal, a song, or a speech? With us, students discover themselves. They find big, dreamy answers to the most important question of all:

WHO WILL YOU BE?
