All about me – Inclusion support

The Town of East Gwillimbury is dedicated to ensuring all campers have a successful camp experience. There may be times when a child requires more support than our camp ratios are able to provide. In these cases, we strongly recommend consulting with us about our support options.

How do I know if additional support is required?

Additional support is required if:

- Extra support is required at school or participant has a safety plan with their educational institution
- A disability exists that could affect the safety of the participant or other participants
- Extra support is required at home for basic care
- Participant is associated with support agency and/or program
- There are behaviours to be assisted with (ie. biting, scratching, pinching, slapping, etc.)

Families are required to complete an All About Me Package and provide a Safety Plan, if the participant has one, to help camp staff with any program adaptations. When considering recreation experience, please consider the individual's needs, and that the recreation integrated setting may not be suitable for all persons. The health and safety of participants and staff is paramount, which could result in participants being denied access to the program.

Are staff available to provide support?

Yes, in most cases arrangements for one-on-one support can be made. The Town of East Gwillimbury attempts to accommodate requests for additional support for children with special needs. However, due to the number of requests or level of care provided, support cannot be guaranteed. Accommodations can be made and are subject to health, safety and cost considerations. If we are able to provide your family with support it may only be up to two weeks at this time. Currently we are unable to provide eight weeks of one-on-one support.

To apply, contact the Recreation Coordinator at awright@eastgwillimbury.ca

All about me – Inclusion support

Can I
provide my
own inclusion
support?

Yes, you may provide your own support (family member, friend, trained support worker or social worker).
We require a Vulnerable Sector Screening and a signed release of liability form for these individuals.
The support worker is required to participate in all activities as a positive role model for the participants and adhere to the Town of East Gwillimbury Policies and Procedures.

How to
register for
one-on-one
support

Follow these steps in order to register for Inclusion Support.

1. Register for one of our Summer Camp programs that meets the needs, hobbies, age and interests of the participant.
2. Then, register for the corresponding week(s) of one-on-one Inclusion Support that matches the week(s) of camps registered for in step one, using registration code **9133**. This can be done online at www.eastgwillimbury.ca/ireg or in-person at the East Gwillimbury Sports Complex
3. Complete the Participant Intake Form that can be found online at www.eastgwillimbury.ca/SummerCamps
4. Once you complete the intake form, please email it to awright@eastgwillimbury.ca

Important
Details

- Inclusion one-on-one support is NOT a camp, it is a support service.
- We may only be able to provide your family with support for up to two weeks at this time.
- Currently we are unable to provide eight weeks of one-on-one support.

Register for one-on-one support by May 1, 2023.

Become a Summer Camp Counsellor!

Our leadership programs have been updated and redesigned to assist youth prepare for their first volunteer or work experience. Participants will learn what it takes to lead, how to work effectively in a team, effective communication tools, managing behaviours and much more.

Our goal with these programs is to build both confidence and character through group activities, training, certifications and hands on experience. Participants will have the opportunity to interact with children and work with a mentor counsellor to guide them to effective leadership.

After completing the Counsellor in Training (CIT) program over one or two years, the CIT will be evaluated and could have the opportunity to be a staff member the following year at age 15.

STEP 1: Leader in Training (LIT)

Our LIT program is the first step in becoming a summer camp counsellor. This two-week program allows LIT's to participate in all their favourite camp activities, while taking on a bigger role to learn how to effectively run the activity. In LIT we introduce concepts such as positive community with youth and proper counsellor behaviour. LITs will be trained in first-aid. Week two gives participants the opportunity to be in a camp, supporting the EG Camp Staff. They will support the staff with games and activities and gain experience working with campers.

LIT's will be evaluated and given feedback.
