1. Project Overview

The Town of East Gwillimbury is seeking Expressions of Interest (EOIs) from professional artists or artist teams to design and create a permanent public artwork for Carnaby Park. This initiative aims to celebrate Canada's rich heritage and the diverse communities that shape its identity.

2. Project Background

Carnaby Park, established as part of the Canada 150 celebrations, features elements that pay homage to Canadian history, including rock from the Canadian Shield, a shade structure constructed with Canadian timbers, and oak trees imported from Vimy Ridge. The park offers a passive recreational environment, encouraging visitors to engage with its natural and commemorative features.

The designated site for the artwork is within the Minto Development area of the park, encompassing approximately 1 hectare (2.5 acres). Artists are encouraged to consider the park's existing elements and the theme of Canada's national identity in their proposals.
